Update on ECE Design Teams Work Under the PDG-R Grant

The ECE Teaching Performance Assessment Design Team held its sixth meeting on September 21-22, 2021. During this meeting, the Design Team has provided feedback on three draft cycles of potential candidate tasks. The development work is on schedule. It is anticipated that programs will initially pilot with candidates during the spring of 2022. This work is a part of a two-year process of designing and piloting a new formative ECE Teaching Performance Assessment for candidates for the Teacher level of the Child Development Permit.

The ECE Program Quality Peer Review Design Team has developed a draft new Peer Review system designed specifically for ECE preparation programs. It incorporates elements from other existing accreditation systems (e.g., NAEYC, CTC, Beginning Teacher Support and Assessment), and is designed for equitable access and participation regardless of size of program, location, and candidate demographics. The draft system relies on peer support as well as peer judgments within the process resulting in an accreditation recommendation to the CTC's Committee on Accreditation in a seven-year cycle. The Initial small-scale pilot tryout will be fall 2021-winter 2022, followed by an expanded pilot in 2022.

ECE Pilots Applications Are Still Open!

Interested programs/institutions are encouraged to apply at any time to participate in the ECE Pilots (<https://www.surveymonkey.com/r/ECE-CDP-Pilots>). The four pilots are:

Pilot 1: Implementing TPE-aligned curriculum

Pilot 2: Implementing the ECE Program Guidelines

Pilot 3: Piloting the ECE Teaching performance Assessment once it is developed

Pilot 4: Piloting the Program Quality Peer Review process during winter/spring
